The Ottawa government's criminal case against McGreevy and Connelly postponed again until spring assizes. Patton, and is in sky blue, white and gold, giving a bright and pleasing appearance. It is to be hoped that there will be a good turn out in aid of the object of the hall. The hall gives the best opportunity for dancing ever afforded in Edmonton.

MALCOLM McLEOD left to-day for the lumber woods to bring down a second cut of long saw logs. The demand of this season has been so great as to run Fraser & Co.'s mill out of long lumber. Mr. McLeod will have to swim his horses across the Saskatchewan in order to reach the timber limit.

A STARTLING report reached town on Thursday last that there was a case of small-pox at St. Albert. Drs. Braithwaite and Royal were at once sent out to investigate. They found the children who had been reported to be suffering from small-pox at play in the water of the Sturgeon river, and showing no sign of disease. The only foundation for the story was that one of the children had been sick and an Indian woman reported at the mission that she thought it was small-pox, which led to prompt investigation, with the result given above.

J. A. McDougall and family returned from a trip to Beaver lake on Thursday. Harvest was over at the lake, and R. Logan's crop of 1,800 bushels was threshed and in the granary. The yield was not very large, but the grain is excellent. There has been no frost around the lake yet, and cucumbers and citrons are still green in the gardens. Mr. Logan has corn which ripened thoroughly, this being the third year in succession that it has ripened. He also has a small field of flax which has been pulled and which looks very well. He also had a crop of field peas, which did well. Two school districts have been organized, one at each side of the lake, and will be running in the winter. Feathered game is plentiful.

## THE GOVERNMENT BUILDING.

Bricklaying on the government building, which is to be used as land, timber and registry offices, began on Tuesday last. The building has 70 feet front on the south side of Victoria avenue, by 34 feet of depth. There will be two stories and a basement. The latter has a depth of 9 feet. The ground floor has a twelve foot wall, and the at-ic story is eight feet high. The walls are 18 inches of solid brick. The roof is very steep and covered with galvanized iron. The furnace which will heat the building will be located in the basement, and the remainder will be used for storage if necessary. The entrance is from Victoria avenue to a large hall, from which the three offices open directly, and a stairway leads to the attic under which another stairway leads to the basement. The land office occupies all the building east of the hall, about 24 feet by 34. The land office part is divided into three rooms, a large one, which is cut into two parts by the counter, and two private offices for the agent and the clerk. A large vault opens from the main office. The timber office occupies the front part of the west end of the building. The entrance is immediately to the right of the main entrance. There is a large room with counter, and a private office for the agent in the rear from which a small vault opens. The registry office occupies the rear part of the east end of the building and the arrangement is similar to that of the timber office. The entrance is straight in front of the main entrance of the building, and the vault is much the largest of the three. The attic story is divided into seven private rooms and a large hall. All the offices will be wainscoted. The work will be pushed this fall and will be completed if possible, but the contract does not require completion until next season. Two hundred thousand brick will be used in the building. Speaking of the brick, the contractor, Mr. Alford, says that it is of specially good color, and is an excellent quality of stock brick, the best in fact that he has seen in the Territories. The material of the bricks, he considers, cannot be excelled in Ontario. This coincides with the opinion expressed last spring by H. D. Johnson, the government architect, who has the supervision of this building.

## EX SPEAKER ROSS.

The Regina Leader of the latest issue received has a would-be vicious attack upon Mr. Ross for his recent resignation of the speakership of the Northwest assembly. When we are made aware by the Leader that Mr. Ross is "against" Mr. Davin in 1887 for the Dominion house and has been sufficiently prominent for a number of years amongst the liberals of the Territories to be known to the editor of the Globe," the dislike of the Leader to that gentleman is fully accounted for, even if he had not added the "un-heard of" crime of resigning from a position of honor and emolument when his duty to his constituents and the Territories required him to do so. In attempting to injure Mr. Ross the Leader is in the unfortunate position, so often cartooned, of a viper attacking a file. The will is there but the ability is lacking. Mr. Ross has a long and honorable record as a Northwest legislator, and his last act for which the Leader and its like wish to see him condemned, is the most honorable, because the most self sacrificing and the most important, in his long career. No doubt it is a surprise to the Leader, as it was to his honor the lieutenant governor and his so called executive, to find that there was one man in the Territories whom position and salary could not swerve from duty. No doubt they would have thought it an excellent scheme to have been enabled to pass legislation inimical to the interests of Mr. Ross' constituency simply through Mr. Ross holding on to a salaried position which prevented him from preventing them from doing as they pleased. Had Mr. Ross taken this course and valued his position or salary more than the interests of his constituency, how the righteous Leader would have descanted—as it would have had a right to—on the inconsistency and weakness, and indeed veniality of the man. But Mr. Ross does not do business in that way. It is because he does not that the electors of Moose Jaw have honored him with their confidence at each successive election from '83 to the present time, and this action of which the Leader complains, proves that their confidence in Mr. Ross was not misplaced—that when he accepted the responsibility of representing their interests in the assembly he did it with the full intention of discharging that responsibility honorably and creditably to them and to himself, and that no bribe of place or money would stand in the way.

While the course of events in the assembly recently has certainly developed a large amount of the lower or meaner side of politics—the pure greed of office and utter lack of scruple in its attainment—circumstances have also been developed which prove that there are men serving the people of the Northwest to-day who are not of that stamp; who value principle more than office; who can be depended upon to do their duty under all circumstances. Mr. Haultain and his colleagues in the late executive, who might have retained office by swerving ever so little from principle, by sacrificing even to a very small degree the public interests, but who

retired from power rather than do so, are such men. So is Mr. Ross who gave up his position and salary of \$500 in order that he might be able to assist those whom he believed were right, and so is Mr. Sutherland who gave up the deputy speakership and salary of \$100, who refused the speakership and salary of \$500, and who has since been subjected to an atrocious criminal prosecution in the same connection, with a view of silencing him. These sacrifices have been made by these men in the interests of the people of the Territories. The time will soon come when the people will be called upon to say whether these men or their opponents,—the men who sold themselves and hoped to purchase them with the public money—are to be honored with the public confidence.

## THE REV. FATHER HENRI LECOMTE, O. M. I.

Last Friday, at 1:30 a.m., the Rev. Father Henri Lecomte died at the general hospital of St. Albert and was buried the following day, the Right Rev. Bishop Grandin officiating, assisted by the Revs. Fathers Leduc, Dorais and Perrault and many other members of the clergy of the surrounding missions. Rev. Father Lecomte was born in France in 1852, and twenty years later entered the Order of the Oblates of Mary Immaculate. Even before his ordination to the priesthood he was sent by his superiors to preach the gospel to the Far North. For many years after his ordination he has been in charge of the Roman Catholic mission of Forts Nelson and Simpson, on the Mackenzie river, where he devoted himself, without measure, to his noble missionary work. God alone knows how many privations and hardships he had to endure for the propagation of the Faith and the spiritual and temporal welfare of the poor Indians entrusted to his care. The many hardships of his life worked soon on his constitution; three weeks ago he arrived here in such a state of health that we had no hope to save his life. Day and night he has been unceasingly surrounded by the most affectionate attention of his fellow-missionaries and nursed by the Sisters of Charity with admirable devotedness. Many times he has expressed his deeply felt gratitude. I am accordingly happy to say that before this saintly missionary exchanged this life of trial and sorrow for a life of eternal glory and infinite happiness in the city of God, he told us several times how grateful he was for the charitable care he had received at the hands of our good Mr. Casault and also of several of our protestant friends during his painful journey from Mackenzie river to Edmonton. He has been touched to the core by the kindness and charity of Mrs. McDougall, mother of the Rev. John McDougall, of Morley; by the kindness and charity of Miss Taylor, daughter of the American consul at Winnipeg. Several other charitable persons, and especially Mr. Leslie Wood, of the H. B. Co., at Athabasca Landing, were also well remembered by the dying missionary. Let them all kindly receive our best thanks and the expression of our sincere and much felt gratitude.

H. LEDUC, O.M.I., Superior.

## HARVEST.

HARVEST is over. Cutting is now finished. For the past two weeks the weather has been superb. In the early part of harvest, that is in the latter part of August, the weather was most unfavorable, being very wet, which delayed both cutting and ripening. Had it not been for this cutting would have been finished over a week ago. The straw is not so heavy as last year and consequently is much less expensive to handle. The yield and quality of the oats and barley is good. Wheat is good, but some fields were touched by frost on September 4th. The bulk of the wheat, however, is untouched. The result of the season's farming operations is now fixed and is satisfactory all around. Prices too are likely to be better than last year. There will be four flour grist mills in the district this year against two last year, and as all the wheat, raised in the district and a great deal more, is required for home consumption, there ought to be no necessity for shipping wheat out—as last year—and therefore a better price should be realized. Oats were kept down last year by competition from Manitoba and Eastern Assiniboia in the British Columbia market. Those districts will have very little oats to spare this season, which will be to Edmonton's advantage. The prospect of a cash market for barley is also good. Of course, farmers need never expect to realize the prices of eight or ten years ago, but on the other hand nowadays there is an unlimited demand and a definite cash price, which did not exist before, and which gives the farmer to know as soon as his crop is threshed how much money he is worth, and enables him to shape his business accordingly.

## GENERAL NEWS.

A Scotch gentleman, who has resided for 28 years in Hong Kong, told the Winnipeg Tribune recently that there was a large and constantly increasing market for the best flour in China. Also for dairy products and hams.

There have been a number of cholera cases at New York on board of German emigrant steamers which are being held in quarantine. Isolated cases are reported in New York city and one case is reported at Detroit. The Allan steamers are bringing only British and Scandinavian passengers to Canada.

Moosomin Courier: "The affairs of the government of the Northwest Territories are indeed in a most unsatisfactory condition. The assembly is prorogued without having passed a single bill of any importance, and the lieutenant-governor, with an executive too weak to transact the business of the house, and at the same time lacking the confidence of the people, is left to dispose of a total fund of \$300,000.

Free Press: "The news of the death of Hon. M. A. Girard, senator, will be received with deep sorrow by all the people of this province who know what a really excellent man has passed away. In another column will be found a brief biographical sketch of the life of the late lamented statesman. The deceased's good works were all done in the most unobtrusive way possible, and, therefore, not nearly as much was heard of him in connection therewith as are secured to many assertive men who do much less good. His intellectual gifts were large, and these were enhanced by a liberal education; but, after all, greater than these was his nobleness of heart. He was proud of being of French lineage, but prouder still of being a British subject; he was a most devout Roman Catholic, but never demanded considerations for his own church more than appeared to him to be strictly just, or more than he would concede to, or demand for, all other churches. Mr. Girard was shrewd but guileless; wise as a serpent, harmless as a dove. In his death not only Manitoba, but Canada loses an honest and useful public man, and every cause of the humanities a large souled and never faltering friend."

Lethbridge News: "No doubt the reason which Mr. Royal would assign for his action would be that the legislature was without a speaker, Mr. Ross, the late speaker, having resigned. But before taking the action he did the lieutenant-governor, who is supposed to be the political hub on which the wheel of government revolves, should have used every effort to removed the deadlock that clogged the progress of the wheel, and have satisfied himself that every effort has been exhausted and that it was impossible to secure a speaker before taking the action that he did in proroguing the legislature. But as a matter of fact the lieutenant-governor appears to have done nothing towards securing a new speaker for the legislature. In a similar case any other constitutional governor or ruler would have sent for the leaders of both parties and have endeavored to effect an arrangement which would allow of the business of the session being completed before the legislature was prorogued. But this Mr. Royal did not do, and although no doubt his new advisers informed him that they could not supply the house with a speaker no effort was made by him to ascertain whether the opposition could and were willing to do so. This, as now appears, they could and would have done had the opportunity been afforded them. But they were offered no chance to do so."

### COMPLIMENTARY DINNER.

A complimentary dinner was given R. G. Hardisty by a number of his bachelor friends, at the Alberta Hotel, on Friday evening last, the occasion being his expected early leave-taking of bachelor life. The chair was occupied by Dr. McInnis and the vice-chair by Rev. C. Cunningham. The spread was in Mariaggi's best style and was thoroughly appreciated. The health, "Our Guest," was proposed by the chairman and the following address read:

To R. G. Hardisty, Esq.,

DEAR SIR,—In the course of a few days you will join the large army of Benedicts, and we, your bachelor friends of Edmonton, cannot allow you to pass from our ranks without expressing in words as well as deeds our appreciation of your companionship with us in the past. We have spent many happy hours together; we have enjoyed your hearty good will and camaraderie; we are sorry to lose such a jolly, light-hearted good fellow, but we feel you are passing to better things.

Let us, however, say that you will always be a welcome guest among your bachelor friends, and we all join in tendering to you and the lady of your choice, our best wishes for your future happiness and prosperity."

On behalf of your bachelor friends,

Yours very sincerely,

C. CUNNINGHAM,  
P. L. McNAMARA.

Edmonton, September 16th, 1892.

Mr. Hardisty said that he could not find words to express his feelings on the occasion. He hoped that the event alluded to so kindly in the address would not be the means of severing but of drawing closer the bonds of friendship which existed between himself and those around the board. He hoped, under any change of circumstances, to always be able to welcome them as friends.

The usual toasts were proposed and duly honored, and a very pleasant evening was passed.

## BY-LAW NO. 29.

A by-law to provide for borrowing the sum of \$10,000.00 upon the credit of the Municipality.

Whereas it is expedient that there should be raised by the Municipality of the town of Edmonton the sum of \$10,000.00 to enable the Municipality to repay certain amounts temporarily borrowed for the purchase of certain lands and fire apparatus required for the use of the Municipality and for other like purposes of permanent benefit to the Municipality, and also to enable the Municipality to borrow further sums which it is expedient to expend for the purpose of erecting a fire hall and for other like purposes of permanent benefit to the Municipality.

And whereas the value of the rateable property in the Municipality, according to the last revised assessment roll, is \$664,364.00.

And whereas the amount of the existing debt of the Municipality, other than for current expenses, is \$17,862.49 (incurred in respect of local and permanent improvements) and \$138.50 for interest thereon making together \$18,000.99 whereof no part is in arrear.

And whereas it is expedient to borrow the said sum of \$10,000.00 by the issue of debentures, the principal whereof shall be repayable within ten years from the date upon which this by-law shall take effect, and which shall bear interest in the meantime payable half yearly at the rate of six per cent per annum.

And whereas it is expedient to provide for the repayment of the said principal sum by the creation of an equal yearly sinking fund.

And whereas the total amount which will be required to be raised annually by a special rate for repaying the said debt of \$10,000.00 by means of a sinking fund as aforesaid, (and the interest thereon as aforesaid) is \$1,395.04.

And whereas the annual special rate on the dollar required as being sufficient to pay the said interest and to create the said equal yearly sinking fund for the paying of the principal is two mills and one tenth of a mill.

Therefore the Mayor and Council of the Municipality of the town of Edmonton in council assembled enact as follows:—

1. This by-law is to take effect on the 1st day of December, 1892.

2. The Mayor and Clerk of the Municipality may borrow on the credit of the Municipality the said sum of \$10,000.00, and may issue debentures of the Municipality to that amount in sums of not less than \$500.00 each and repayable within 10 years from the said 1st day of December, 1892, with interest at the rate of six per centum per annum payable half yearly; such debentures to be payable at the Imperial Bank of Canada, Edmonton, Alberta, N. W.T., and to have attached to them coupons for the payment of interest.

3. For the purpose of paying the amount which shall be required to be raised annually for paying the said interest and creating an equal yearly sinking fund to be set apart for the payment of the said principal sum of \$10,000.00 a special rate of two mills and one-tenth of a mill on the dollar, over and above all other rates and taxes, shall be levied (in the same manner and at the same time as the general Municipal taxes upon the whole rateable property in the Municipality in each year for the period of ten years from the said 1st day of December, 1892, being the period during which the said debentures will run.

4. Monday the 17th day of October, 1892, between the hours of nine o'clock in the forenoon and five o'clock in the afternoon at the office of the town clerk, Edmonton, is hereby fixed as the day and hour and place for taking votes of the electors for and against this proposed by-law.

5. A. G. Randall is hereby appointed Returning Officer and J. R. Michael Deputy Returning Officer to take the votes at the said time and place.

6. Monday, the 17th day of October, 1892, at the hour of six o'clock in the afternoon at the town clerk's office, Edmonton, is hereby fixed as the time and place when and where the Returning Officer shall sum up the number of votes given for and against this proposed by-law.
